

LS,

Thank you for the good work and the endless service.

NewmediaVR has produced a 3D virtual tour for our newly introduced product the Crossover Lodge.

Customers are very enthusiastic and the 3D tour enables us to promote and even sell our product virtually.

The service which was given by NewmediaVR to produce and design our 3D tour was perfect. They advised us in a very pleasant and professional way.

We definitely recommend NewmediaVR's product and service to other companies who are looking for this "innovative way" in promoting their products.

Keep up the good work!

Kind regards,

Bas Hoijtink

CEO
